Purchasing the eBook (Skip to page E-3 if you purchased a hard-copy book)

All customers will receive several emails at the time of purchase of an eBook from our online store. We suggest that previous to finalizing your purchase you add adpub@armonddalton.com to your safe senders list. If you have already made your purchase you may need to search in your junk & spam folder for some or all of the three emails you should have received at that time.

The three emails are:

- **Your user/sign-in information.** You will need this to access your profile at the online store each time you want to view your purchased eBook.
- **Order confirmation email.** A receipt and confirmation of your purchase.
- **Code & E-Material information.** A special code generates and sends at the time of purchase. This is the code you will need to verify at the Armond Dalton Resource site for access to student data files and homework submission options.

If you are unable to locate any of these emails, contact us at adpub@armonddalton.com with your order number and what email you are missing.

If you already purchased your eBook directly from our website you can skip ahead to page E-3.

If you purchase Data Analytics for Auditing using ACL, 4th edition through your local university/college bookstore they will give you an access card with a scratch-to-reveal code. You will still need to go to the online book store to “purchase” the eBook. The access code on your card is a coupon code that will make the “purchase” zero dollars.

Go To:

<https://armonddalton.directfrompublisher.com/catalog/book/data-analytics-auditing-using-acl-4th-edition> and place the book into your cart.

The screenshot shows the Armond Dalton Publishers website. At the top, there is a navigation bar with links for Home, About Us, Contact Us, and Support. A search bar is located in the center, and links for Log out, My account, and Cart are on the right. Below the navigation bar is the Armond Dalton Publishers logo. A message states: "Product Book Data Analytics for Auditing using ACL, 4th edition has been updated." The main product listing features a book cover for "Data Analytics for Auditing using ACL, 4th edition" by Alvin A. Aho, Ronald J. Elder, and David J. Benbow. The listing includes the text "(NEW ONLY)", "ACL 4th (NEW ONLY)", "Publication date: 2017", and "ISBN: 978-0-912503-62-2". Under "BOOK TYPE", the "Online cBook, \$96.00" option is selected. A green "Add to cart" button is highlighted with a red border. Below the button, a note states: "*Online eBooks are not refundable once purchased." At the bottom of the product listing, there is a paragraph: "Computerized audit practice set, including and using a fully operational education version of ACL (not compatible with Mac). It is the same as the commercially available ACL software except for a 6-month time limit."

Go To the Cart.

Gently scratch to reveal that code on your card. If you have any issues with reading your code send an email with a picture of the entire code sticker to adpub@armonddalton.com.

Enter the code into the **COUPON CODE** box.

Type the One-Time Use Code from the front of your Instructions book (or e-book email) into the Verify the Book box. The license code will not be visible until you scratch off the silver coating in the middle of the sticker. Note: Simply use a coin and gently scratch off the silver coating to reveal the code; DO NOT TRY TO REMOVE THE STICKER. If you over-scratch the code or the code is missing, please take a picture of the sticker and email it to adpub@armonddalton.com

Click OK.

After entering a valid code, you will receive a message that your verification was successful.

If the data sets do not appear in the ACL Analytics row of the Books table, refresh your browser (F5 or Ctrl+R) and they should appear. You will use these data sets later to replace the data sets installed with the ACL Analytic software.

Note: Your professor may choose to have you complete your homework on this website. If so, you will receive a Section Code from your professor to enter. This code can be entered at a later time if you have registered before your professor has provided you with a code.

- ■ ■ Scroll down below the Books table. You will see a box where you can enter the Section code that you received from your professor.

- ■ ■ Enter the Section code and click Add Section Code.

If the course information does not appear under Sections, refresh your browser (F5 or Ctrl+R) and it should appear.

Note: If you were provided with a section code from your instructor, you will come back to this site later when you are ready to submit your online homework. See page E-18 for instructions.

Your professor may assign two parts of homework for each chapter. To access the other part, click on the tab below the chapter name in the Choose Chapter box.

Part I - Questions Part II - Problems

You can save, exit, and return at any point without submitting final answers by clicking on the “Save Homework” button located at the top and bottom of each page. You can submit the homework for Part I and Part II of a chapter separately by clicking the “Submit Homework” button in each part. You can also submit the parts at one time by clicking the “Submit All Homework” button in Part II of the chapter homework.

NOTE: If you are required to upload more than one file, you will need to zip the files together to upload them as one compressed file. ATTACHMENTS DO NOT SAVE IF YOU CLICK SAVE TO RETURN TO YOUR HOMEWORK AT A LATER TIME. YOU WILL NEED TO ATTACH THE COMPRESSED FILE AGAIN BEFORE SUBMITTING.

With a homework activity that contains multiple chapters, you will submit each chapter individually. You can submit a part of homework without completing all questions/problems. You will not receive points for the question/problem. If you do so, you will receive the following warning message:

 Click *Submit anyway*.

With each submission the screen will display the points earned and possible for the part of homework. Some answers need to be reviewed by the instructor before the points earned will be displayed. These submissions will say “Not Graded” until the review has been done.

Uninstall the ACL Analytic Software

When you uninstall ACL for Windows, you uninstall all components:

- ACL Analytics
- The Analysis App window
- The ACL for Windows launcher
- Project Manager client

All ACL for Windows application files are removed from your computer, but *ACL* project files, data files, logs, and any project-specific preferences files remain in the *ACL* project folders.

Note:

You must be logged in as a Windows user with Administrator rights to uninstall the application.

To uninstall ACL for Windows:

- ■ ■ *Open the Windows Control Panel.*
- ■ ■ *Click Uninstall a program.*
- ■ ■ *Select **ACL for Windows** and click **Uninstall**.*
- ■ ■ *Click Yes when you are asked if you are sure that you want to uninstall.*
- ■ ■ *If a User Account Control box appears, click **Yes**.*
- ■ ■ *Click OK if you receive a message that says, “The setup must update files or services that cannot be updated while the system is running. If you choose to continue, a reboot will be required to complete the setup.”*
- ■ ■ *Restart your computer to complete the uninstallation.*
